Does your company have a matching gifts program? Yes No

Many companies match employees' charitable contributions. You can check with your employer to see if your company has this program, and ask donors if their employers match gifts. If you plan to use a match to reach your minimum, it is your responsibility to contact the matching company to ensure the check will be issued before August 31, 2012. If the company's match cycle is past this date, the match cannot count towards your minimum.

If your fundraising minimum is not met by August 31, 2012, your credit card will be charged for the remaining balance. We require a credit card to be held on file for this purpose.
